

7 Days of ABCs and 123s

Beacon Hill has been buzzing as children and staff celebrated our Seven Days of ABCs and 123s. There has been so much happening, with special activities at lunchtimes and in classes to explore the link between Maths and Literature. Children created some very large clothes for the Smartest Giant in Town and Top Trumps cards for Pokémon. In the library the children worked out how tall they were in books, made shape bookmarks and others tried their hand at some Roald Dahl linked Maths. It was wonderful to see the number of children who got involved in our whole school quiz and showed their knowledge of books.

Check out this week's newsletter [HERE](#) to find out more about what the children got up to/
