

Look and learn

A calendar shows 12 months. It also shows dates.

A date consists of:

Practice

On which day is May 3rd?

Which date is the 3rd Saturday in May?

Which date is 1 week later than May 22nd?

On which day is June 2nd?

Challenge

Look at the children's badges.

Who is the oldest?

Who is the youngest?

Who was born on the 7th month?

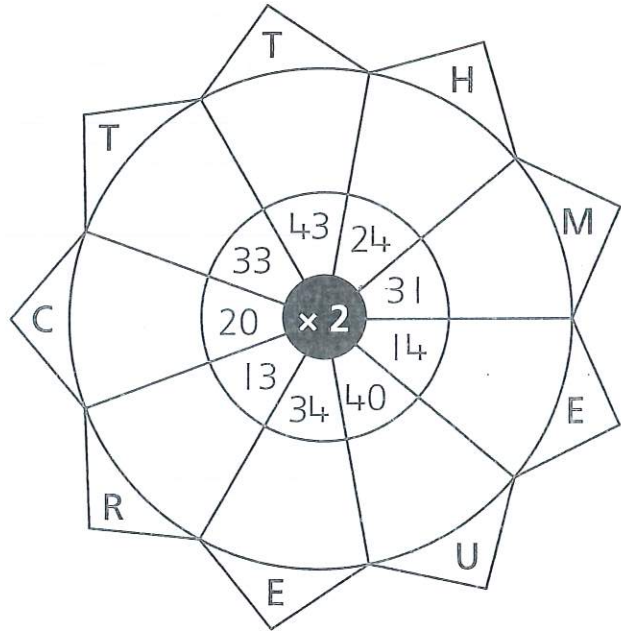

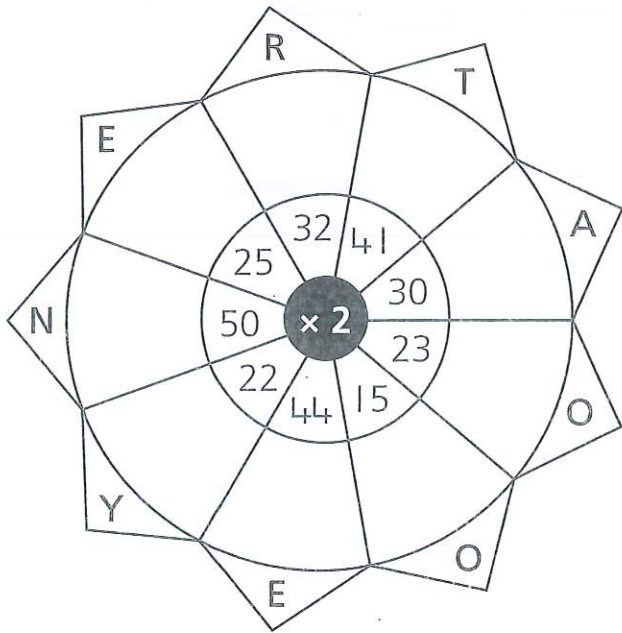

Who was born after August?

COME AND PLAY

What did one wall say to the other wall?

Double the numbers in each of these. Write the answers in the empty spaces. Then write each letter above its matching answer.

62	88	50	66

44	46	80

60	86

82	48	68

40	30	64	100	28	26

G'day ...
The name's
Loadbearing!
